🏠 Shamsabad, Rawalpindi

SUMMARY

Software Engineer expert in Web Development, with experience in designing and implementing responsive web designs and a deep understanding of HTML, CSS, Tailwind CSS, Bootstrap, JavaScript, and REACTJS. Currently learning the complete MERN Stack and looking for a role to enhance my skills.

SKILLS

Language | JavaScript · C++ · JAVA
Front End | HTML · CSS · Bootstrap · Tailwind CSS · React JS
Back End | Node JS · PHP
Database | SQL
Version Control | Git & GitHub · JIRA

EXPERIENCE

MA Digital Marketing Agency

Web Developer | Feb 2023 – May 2023

Serve as a Web Developer at MA Digital Marketing Agency 6th Road Rawalpindi. Worked on Car and Bus Rental Websites using Bootstrap, CSS, JavaScript, and PHP.

PROJECTS

To-Do App in React JS

React JS, Tailwind CSS
Developed a responsive to-do app using React, featuring task addition, editing, deletion, and local storage for data retention. Implemented mobile-friendly design with Tailwind CSS for improved user experience.
